

Whole School Audits of Sustainability and Global Education

- Do you need an audit for the Global Learning Programme or for an environmental award but don't have the time or experience to do it?
- Do you want the benefits an audit can bring to your school if only you could do one easily?
- Do you want an **INDEPENDENT** assessment of where you are in the sustainability and global education arena?
- Would you like to know your options for future progress and what they involve **BEFORE** you commit to a scheme?

Learning 2B Sustainable now provides this service.

- Director Chris Southwood will give you her individual attention and use her experience gained over 30 years working across these areas of education.
- She will spend time in your school identifying current activities and curriculum links to help you make the most of what you already do.
- She will provide you with a detailed whole school audit plus options and recommendations for future developments and progress.
- Full details of your requirements will be worked out with you in advance.

Costs are all inclusive, except for travel from L2BS office to venue:-

- Up to 50 miles free; 51-100 miles £25; 101-150 miles £50; 151-200 miles £75; 200+ miles by negotiation.
- Pupil numbers count to the nearest 100 on roll.

Primary Schools

Start from £125 (for schools less than 100 pupils)

Add £50 each additional 100 pupils

Secondary Schools

Start from £250 (for schools less than 800 pupils)

Learning outside the classroom

School priorities

School Community

OFSTED

Existing school activities

Staff levels of experience

Training needs

Benefits

- Opportunity to widen horizons by promoting and improving your environmental impact and global perspectives.
- Enable teachers to assess relevance of available resources (currently over 130 schemes to choose from) and to respond effectively to topical issues such as climate change, renewable energy and carbon emission reduction.
- Encourage links with local community activities.
- Access to additional training options and increased recognition from a range of award schemes.
